

**S J BARGH LTD**  
SPECIALISED LOGISTICS

## **HGV Maintenance Technician**

**Location: Stoke-on-Trent**

*SJ Bargh is a long-standing family-owned business running since 1935 with a proud heritage. SJ Bargh is a leader in specialised logistics to the milk industry, general haulage, palletised distribution network, Scania Parts Dealership and third-party HGV vehicle repairs and management to customers throughout the UK.*

Here at SJ Bargh, we have an amazing opportunity for a HGV Technician to join the team based in Stoke-on-Trent. You will be working on a full time, permanent basis working Monday to Friday 8am - 6pm and in return you will receive a highly competitive salary of £42,042 per annum (and location allowance) plus excellent company benefits and brilliant working conditions!

The work pattern advertised is Monday - Friday 8am - 6pm, however we would consider other shift patterns if preferable. No night work is required and weekends are available, paid at a premium rate.

### **What's in it for you?**

- Salary of £42,042 per annum
- Location allowance
- 28 days annual leave (inclusive of bank holidays)
- Increase in annual leave with long service
- Full training available
- Enhanced overtime
- Annual pay review
- Unum Help@Hand Wellbeing Programme
- Life insurance
- Cycle2Work scheme
- Free onsite parking

### **What you will you be doing as our HGV Technician?**

- Predominantly working with our Scania fleet to undertake maintenance and servicing of vehicles and trailers to VOSA and manufacturers standards
- Undertake maintenance of equipment and ancillary equipment to manufacturers and Company standards and procedures
- Report, inspect and document findings and faults to equipment on a daily basis and throughout the course of the working day
- Provide high customer service levels whilst working to deadlines
- Ensure adherence to Company health & safety practice's and ensure all compliance details are captured

### **What skills & qualifications do you need to be our HGV Technician?**

- Driving license (desirable)
- Experienced in working with tankers or HGV types (including trucks and trailers)
- City & Guilds 1,2 & 3 Certificates or equivalent qualifications in a similar areas would be an advantage
- High level of enthusiasm & good communication skills
- Basic knowledge of computers and ability to complete relevant written documentation
- Good organisational skills and ability to be able to prioritise workloads to meet deadlines
- A positive attitude with a willingness to learn and seize opportunities
- Initiative to work autonomously if required

**If this role sounds like the right fit for you, please apply today to become our new HGV Technician, we would love to hear from you!**
